

JOIN US FOR: FUN FAMILY MATH NIGHT

(Come learn about our new K-8 math program and why we have chosen it for our students)

When?

Tuesday, November 13th, 2018
From 5:00-6:00 pm
SeDoMoCha Elementary AND Middle School

What?

Join us for snacks and math activities. Parents and students should both attend, but will be completing different activities. Students will spend time rotating through games/activities used within our Envision Math Program. Parents will actively participate in an informational session about the new Envision Program.

Why?

With a new math program, comes new material and plenty of questions. We would like to invite families in for more information on how this program works and why we have chosen it for our students with Q&A discussions.

R.S.V.P

Count us in!

Student(s) Name: _____

of People Attending: _____

PLEASE RETURN THIS SECTION TO THE SCHOOL BY NOVEMBER 9th
