

## EMERGENCY CLOSINGS

The decision to close school because of inclement weather will be made by the Superintendent after consultation with the transportation providers.

The Superintendent will also have the authority to delay the opening of any or all schools, or to dismiss them early, because of weather conditions and other emergencies.

Should it become necessary to close any or all of the schools by reason of weather or other emergency, the Superintendent or his/her designee, after consultation with the transportation providers, may order the closing of any or all schools so affected. Notification will be given to staff, employees, and the public of such closings under a plan of notification developed by the Superintendent.
