

BUILDINGS/GROUNDS/PROPERTY MANAGEMENT

The MSAD #68 School Board recognizes that the education of children is dependent upon many factors, including a proper physical environment which is safe, clean, attractive, pleasant, and functions smoothly.

The care, custody, and safekeeping of all school property are the general responsibility of the maintenance supervisor reporting to the Superintendent. It will be the supervisor's responsibility to establish such procedures and employ such means that will ensure the proper maintenance and safekeeping of school property.

Within the separate schools, the supervisor will consult with the principal as he/she fulfills his/her responsibility for the proper care and maintenance of the building, equipment, and grounds. The supervisor will establish the duties of custodial and maintenance employees assigned to him/her in consultation with each building principal.
