

USE OF FRAGRANCE

The MSAD 68 Board of Directors supports the goal of maximizing student potential and educational achievements. That goal cannot be realized by students who have difficulty breathing or concentrating as the result of poor personal hygiene or the overuse of fragrant substances by other students.

Administrators are authorized to take appropriate measures, including sending students home, to ensure an educational environment that is conducive to learning.

The superintendent is responsible for the development of any administrative regulations necessary to implement this policy.
