

STUDENT INSURANCE PROGRAM

Membership in a group accident insurance program will be made available to students each year. In arranging for this insurance, the superintendent will make every reasonable attempt to contract with a company offering comprehensive insurance at economical rates. Purchase of this insurance will constitute an agreement between the student/parent and the insurance company, not with the school. However, information on the plan will be made available through the schools, and claim forms and assistance in filing claims will be offered.

Students who participate in interscholastic sports and work study will be required to have accident insurance through the group plan or comparable coverage.
