I am writing to let you all know that I am leaving my position of PreK-8 principal of SeDoMoCha Elementary and Middle Schools effective at the end of the 2017-2018 school year. I have taken the job of school principal in Norridgewock. The RSU 68 community has been a very important part of my life for the last fourteen years. I will miss our incredible students, dedicated educators and amazing families. My hope is that you will always know how important you are to the success of the district.

As I move forward to new endeavors, I wanted to take a moment to say thank you for the amazing opportunities I have been afforded since being a part of our school communities. You have supported my personal and professional growth and for that I will be forever grateful.

### Nurses Notes

**Medication:** Please remember that medication is not stored at school over the summer. You will need to pick up any medication that you have brought to school for your student. Please call Mrs. Noke to make arrangements to do so on or before the last day of school. Any medicine left at school will be properly disposed of.

#### Attention 4th Grade Parents: Sports Physicals

If your child plans to participate in fall sports, they need to have a sports physical on file before they can try out. Sports physicals need to be done every 2 years unless the doctor states it is only good for 1 year.

With Summer Vacation quickly approaching, here are some quick tips to keep safe this summer.

- **Insect Safety:** Apply bug spray before going outside. Check your body for ticks when coming inside.
- **Beat the Heat:** If you are enjoying the outside, make sure to take extra breaks from the sun and drink lots of water to stay hydrated.
- **Fire Safety:** Practice being safe around fireworks, sparklers and campfires. Adult supervision is recommended to prevent injuries and burns.
- **Bicycling/Skateboarding:** Always remember to wear a helmet when riding. Kneepads and elbow pads are also helpful. When riding on a street or road, make sure to watch for traffic and on coming vehicles.
- **Boating/Swimming:** Wearing a life jacket while in the water or boating is a great way to stay safe. Adult supervision is important when children are in the water as it can prevent drownings.
