MINUTES

Committee Members Present:

Marc Poulin

Joel Pratt

Blake Smith

Richard Wing

Others Present:

Jennifer Chase, Chair

Stacy Shorey, Superintendent

1. Safety Committee

- a. Mrs. Shorey discussed how to make the district compliant with the Department of Labor through our plan. Jenny Chase offered to be the board member on the committee. We will plan to have teachers, Mrs. Watson (administrator) and Mr. Grant (custodian) and an educational technician on the committee.

2. Parking Lot

- a. We reviewed the quote from Gordon's. Mrs. Shorey explained that Mr. Howard was able to get a different quote on the lights and that saved \$40,000. So for \$351,410 we will be able to do the entire project. Given the budget that just came through we would have enough money in the budget to be able to do the entire project. The committee agreed that the superintendent could move forward and talk with Mr. Howard about timing in the summer provided the budget passes in June.

3. LD 1684

- a. The committee discussed the potential new law and the impact it would have on us. Currently we give students alternative lunches if they have a bill over \$10.00. This bill would not allow us to do it anymore. There was a lively discussion looking at each side of the argument. In the end, the committee supported the LD moving forward. It appears at this time that the bill will pass through the legislature as well.

4. Other

- a. We discussed Foxcroft Academy's donation of two score boards. We need to find out how much it will cost us to run electricity from the garage to the boards.
- b. The committee asked the superintendent to get a price on paving to the Head Start building.
- c. The sander is broken again. It will cost about \$1600 to repair it and \$750 was put into fixing it last week. Mrs. Shorey brought two quotes for new ones. Mr. Smith is going to help research a bit and then give us a recommendation for the one we should purchase.
