Q: What is the Web2School Parent Portal?

A: The Web2School Parent Portal is a tool for parents. It gives you access to information regarding your child's academic progress, as well as daily attendance.

Q: How do I access my account?

A: Your account will be created within five school days of the office's receipt of your form. Go to our district homepage (www.sedomocha.org), and click on the "Parent Login" link. Your username will be your first and last name separated by a period—all lowercase (i.e. john.smith).
